

*So you'd like to order  
some new bling!!*

**There are a few things to keep in  
mind when ordering a custom  
piece of jewelry...**

Due to high shipping costs and order minimums, we place all our orders in bulk. This means that we may take several months to place orders from different manufacturers & a few months for the pieces to arrive depending on the manufacturers production time. Please be patient! The wait is always worth it & we will call you as soon as your piece arrives! We can sometimes accommodate rushed single orders, please contact Tori for details on this. The majority of the companies we order from are completely customizable! This means if you see a piece that you like but aren't a fan of the stone color, or type of material or gold tone, we can likely customize this for you! The sky is the limit!! All custom orders will require a non-refundable deposit of either half the total or you can choose to pay in full before we can submit them to the manufacturer. We generally only order a few times a year from each company, if you would like to be notified of the next time we are ordering from a certain company please reach out to Tori for more details & to be put on a waitlist.

**If you have any questions about  
ordering custom body jewelry,  
please send our jewelry stylist,  
Tori an email to**

**tori@tribalexpression.com**

**Please include the following**

- brand of the piece you want
- item name or item number
- material or gold tone you prefer
- stones or stone color you prefer
- which piercing the piece is for
- personal budget (if any)

**If you are not sure where to even  
begin just reach out to Tori and  
she will get you started or look  
for your dream piece for you!**
